# JOHN M. EISLER

## *Nurseries*

BUTLER, PA.

Complete Garden  
and  
Estate Contracting

Our services are available for small gardens or entire estates — at moderate cost.

1941

PRICE LIST

## FOREWORD

The John M. Eisler Nurseries are located about thirty miles north of Pittsburgh in one of the best farming sections of Western Pennsylvania. Visitors are cordially invited to visit our farms and nurseries consisting of 375 acres, any day of the year. The nurseries are open at all times, but we do not make sales on Sunday. You may inspect and tag any stock that you wish on Sunday but we give our salesmen and growers a holiday each Sabbath. We have a complete line of trees and plants and grow many varieties not found in other nurseries in this section of the country. A map showing the best roads to our several nurseries is shown on the back cover of this catalogue.

We have a complete landscape department and will be delighted to give estimates on the furnishing and planting of all materials necessary to make your grounds more beautiful. We have equipment to do all types of excavating, grading, seeding, and planting jobs of any size.

## CONDITIONS OF SALE

The prices in this catalogue cancel all previous lists and quotations. All listed prices are subject to change without notice and orders are accepted subject to prior sale.

## GUARANTEE

All nursery stock purchased is guaranteed to live throughout the first growing season, providing it is planted and pruned properly. Any stock that does not grow will be replaced free of cost the following season. We will furnish you a booklet on planting methods at no extra expense. Any stock that you wish replaced must be reported in writing during the first growing season after the purchase.

<b>RASPBERRIES</b>			
Cheif (Red) .....	.15	.12	.10
Cumberland (Black) .....	.15	.12	.10

### LARGE SPECIMEN TREES

We can furnish large shade trees and are equipped to plant them with a large ball of earth. This gives the home owner a ten to twenty year savings in time over the planting of the usual smaller trees. The caliper measurement is taken at a point twelve inches above the ground level.

The prices quoted include the moving, furnishing materials and planting, plus a free replacement guarantee. The prices are subject to considerable deviation, dependent upon conditions and distance to be moved.

#### ACER platanoides. Norway Maple.

3 in. diameter .....	\$ 22.50
3½ in. diameter .....	30.00
4 in. diameter .....	40.00
5 in. diameter .....	62.50
